

Forklift Licence Course -TLILIC108A Licence to operate a forklift truck

National Standard for Licensing Persons Performing High Risk Work -The National Standard requires all high risk work licence training and assessment to be conducted under the supervision of an RTO, with the licence assessment component conducted by a Workcover accredited assessor.

Kells Training Centre offer training for those who require both theoretical and practical instruction to obtain their license. Students are required to be trained to a level suitable to achieve all elements necessary of the assessment instrument.

A successful Formative Assessment must take place before the Workcover Summative Assessment can be done.

If a Formative Assessment is unsuccessful more training will be required to progress through to the Summative Assessment

Kells Training Centre offer on site Training using your equipment, training participants in their normal workplace environment for two hour sessions weekly.

Duration of Course	2 hour sessions
Training Cost	\$150.00 per session
Assessment	\$209.00

***All Fees to be paid prior to Assessment**
